ABOUT HYLAND GROUP

Since its establishment in **New Delhi, India** in **1980**, **Hyland Group** has been a cornerstone in the manufacturing and export of aftermarket parts for refrigeration, gas, and air compressors. With **40+ years** of experience having served **500+ customers** worldwide, we have established ourselves as a trusted leader in the refrigeration industry. We have been serving diverse sectors including Cold storages, FMCG Industries, Food & Beverage Process, Pharmaceuticals Industries, Seafood Industries and more.

Specializing in a wide array of brands including **GRASSO/KIRLOSKAR, SABROE, CARRIER, MYCOM, VILTER/FRICK, HASEGAWA, YORK, STAL, DAIKIN, BOCK, BITZER, TRANE, DORIN, COPELAND, REFCOMP, DANFOSS, HALL, MCQUAY, MITSUBISHI**, and more, we are dedicated to ensuring that your compressors operate at peak performance. We also specialize in manufacturing **custom-built spare parts** as per client's specific requirements.

We are backed by a team of experienced engineers and technical experts who have extensive knowledge of compressor technology. This expertise enables us to develop high-performance replacement parts compatible with leading OEM brands, helping businesses enhance efficiency and extend equipment lifespan.

Our dedication to excellence and customer satisfaction has earned us recognition in both domestic and international markets, making us a trusted name in the refrigeration industry.

Hyland Group also provides fully **reconditioned compressors** to our clients. Our reconditioned compressors undergo rigorous inspection, precision engineering, and testing to ensure optimal performance, reliability, and longevity. We follow strict quality standards to restore compressors to near-original condition, offering a cost-effective and efficient solution for businesses looking to extend the life of their refrigeration systems while minimizing operational costs."

OUR MISSION

Businesses around the world often face performance and down-time issues in their refrigeration units due to low quality replacement parts.

At **Hyland Group**, our mission is to eliminate performance issues and downtime in refrigeration systems by providing **premium-quality replacement parts** for refrigeration compressors at the lowest cost in the market.

We understand that substandard parts can lead to inefficiencies, costly repairs, and operational disruptions. That's why we are committed to manufacturing high-precision components that meet and exceed **OEM standards**, ensuring **superior durability, performance, and reliability**.

Our manufacturing process is driven by state-of-the-art CNC and balancing machines, ensuring precision in every part we produce. We implement in-line quality checks, including precise torque application monitoring and real-time quality data analysis, to guarantee flawless performance. By maintaining stringent quality control measures at every stage, we deliver replacement parts that provide optimal efficiency, extended equipment lifespan, and minimal downtime for our customers worldwide.

At **Hyland Group**, we don't just supply parts—we provide trusted solutions that help businesses maintain seamless refrigeration operations with confidence and reliability.

WHY CHOOSE US?

- ✓ **Exceptional Quality:** Our commitment to excellence is demonstrated through our rigorous inspection processes. Every part is meticulously checked to guarantee **zero defects**, providing you with dependable, high-performance parts.

- ✓ **Competitive Pricing:** Our economical advantage ensures you get spares at a **cost-effective** rate without compromising on quality and finishing.

- ✓ **Decades of Expertise:** With over 40 years in the industry, we bring unparalleled experience and a deep understanding of refrigeration compressor spare parts, ensuring top-notch quality and reliability.

- ✓ **Ready Stock and Express Delivery:** We maintain a well-stocked inventory of essential compressor spare parts, ensuring immediate availability for our clients. With our efficient logistics and fast shipping, we minimize downtime and help businesses keep their operations running smoothly.

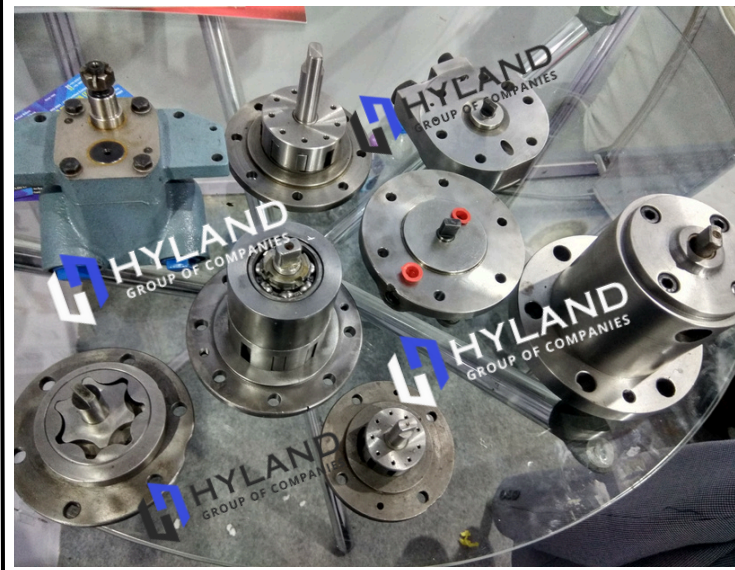

- ✓ **Customer-Centric Approach:** We prioritize your needs by providing exceptional customer service and customized support. Our team is always ready to assist you with any inquiries or requirements, ensuring a seamless experience.

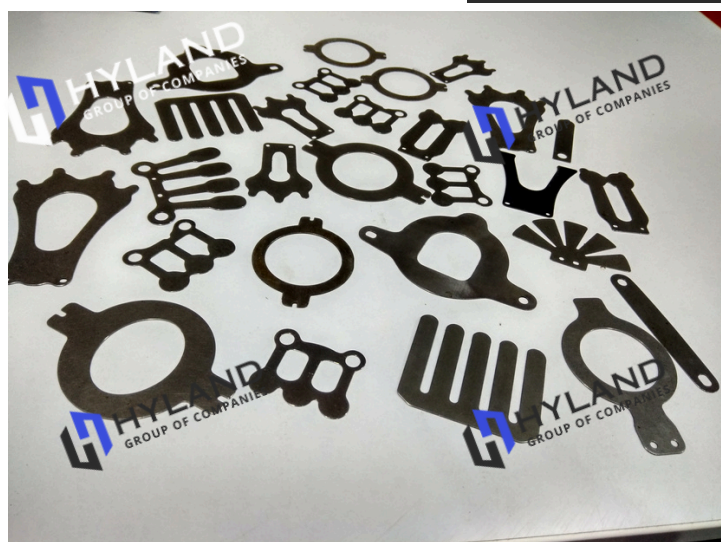

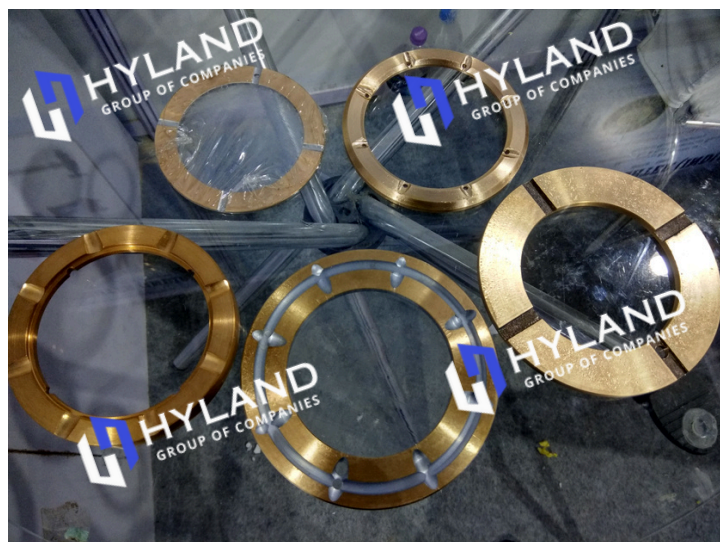

YOUR ONE-STOP SOLUTION FOR ALL COMPRESSOR SPARE PARTS NEEDS

HIGH-PERFORMANCE COMPRESSOR PARTS

Every part is meticulously checked to guarantee exquisite finishing.

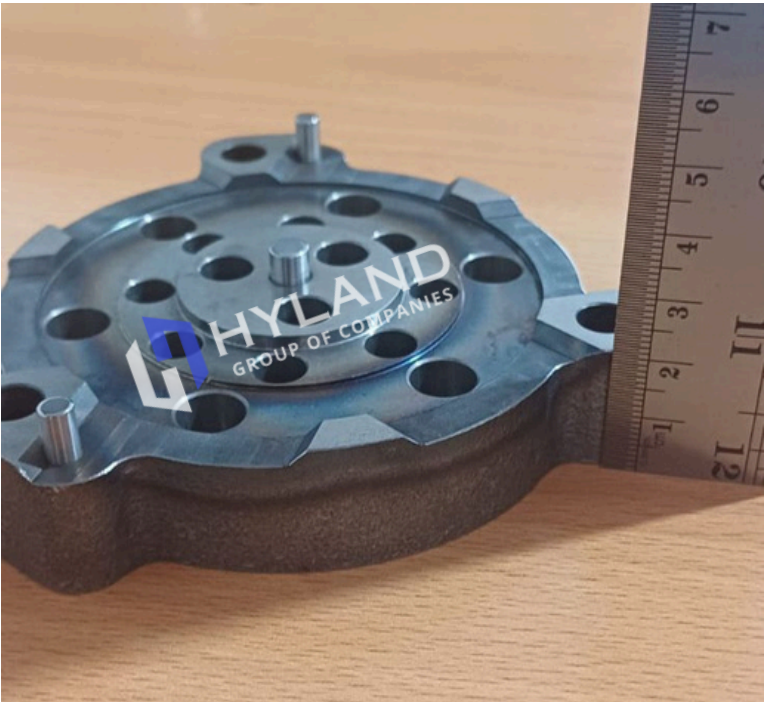

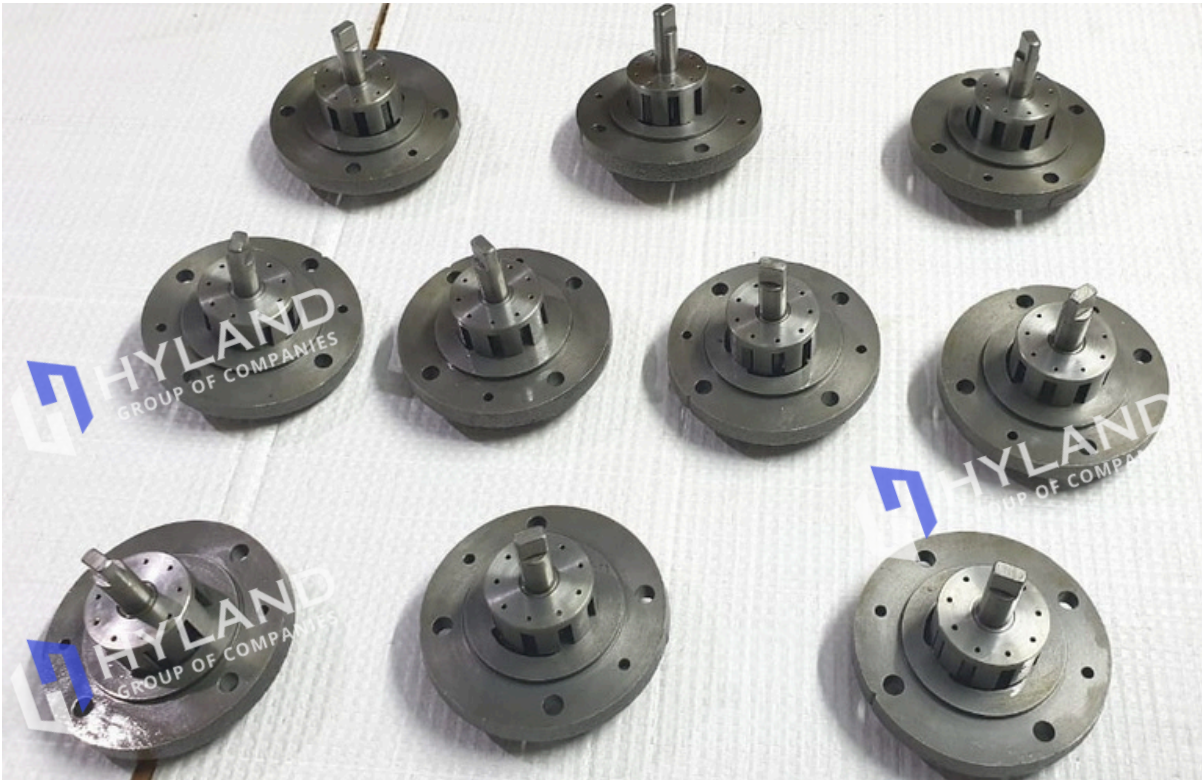

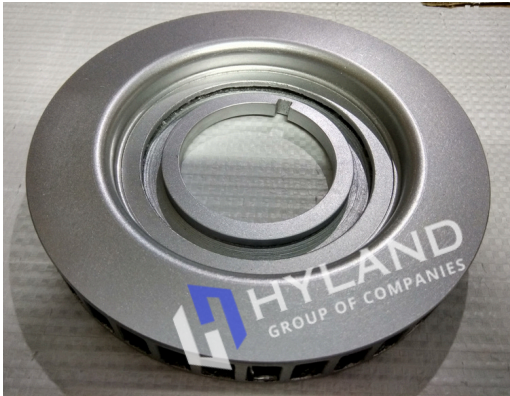

PRECISION IN EVERY PART: INSIDE OUR STATE-OF-THE-ART MANUFACTURING FACILITY

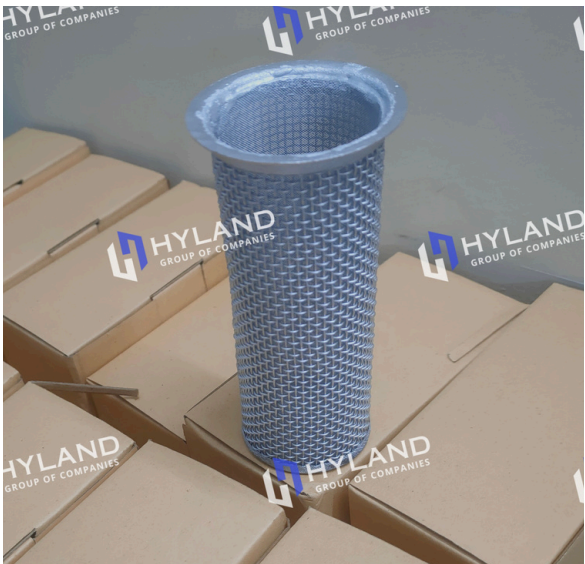

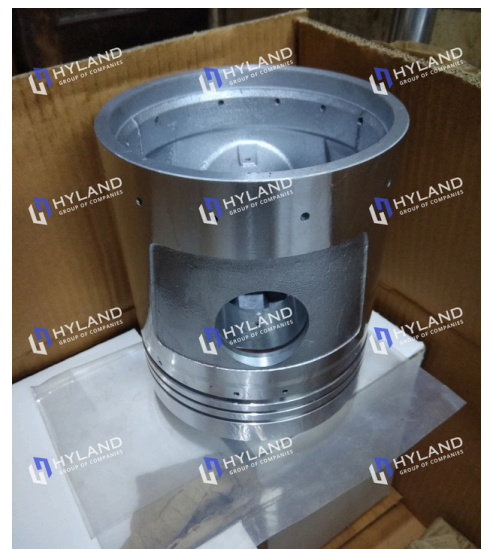

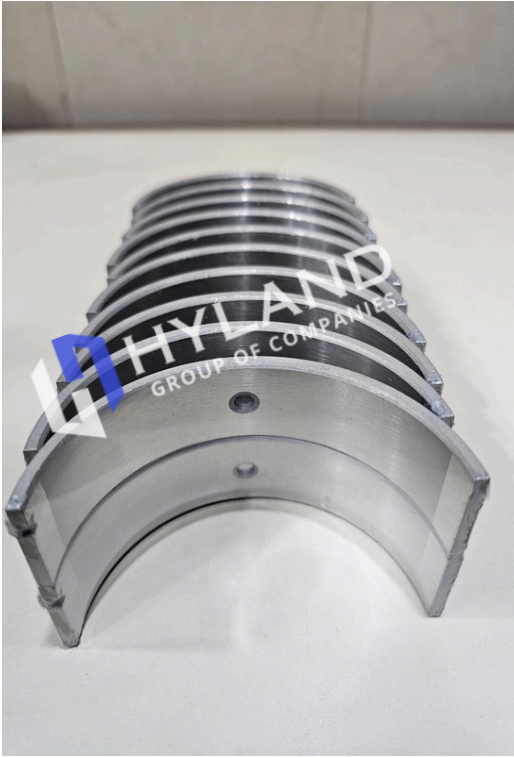

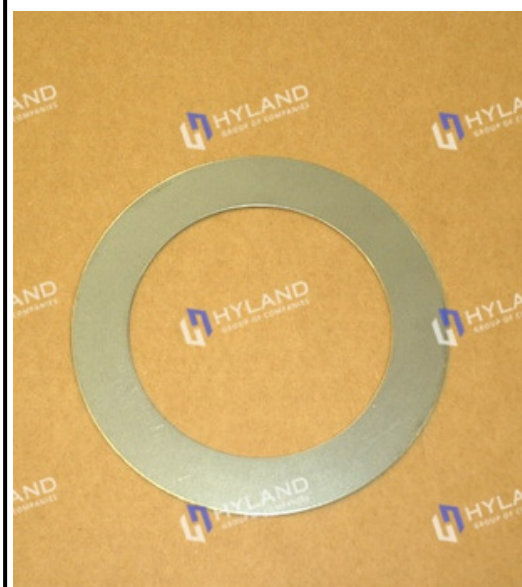

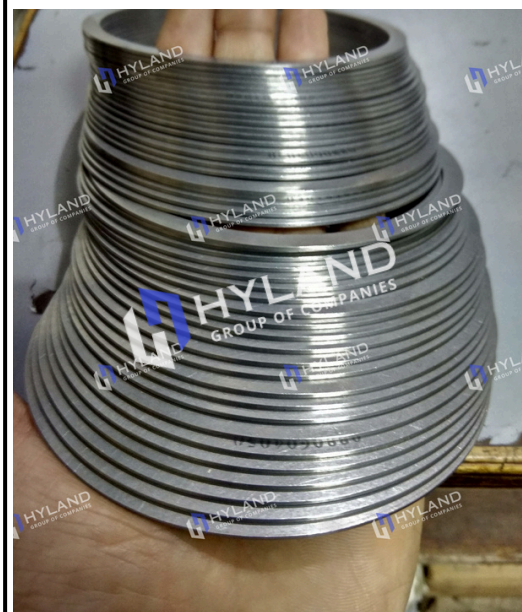

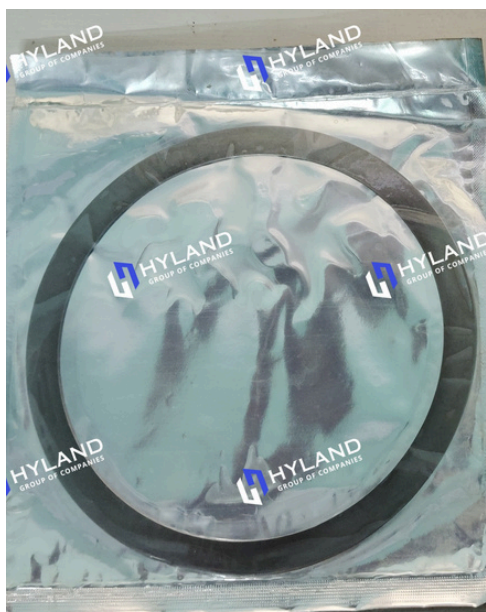

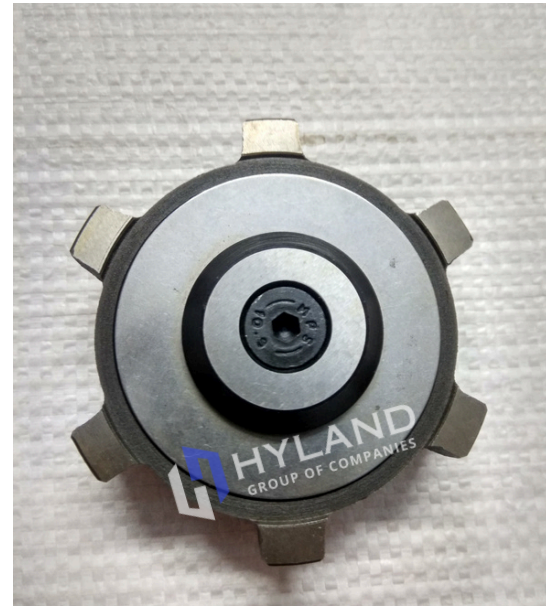

RECONDITIONED COMPRESSORS

A Cost-Effective, Reliable Solution

At **Hyland Group**, we go beyond supplying high-quality spare parts—we also provide reconditioned and remanufactured compressors for all major brands, including Kirloskar, Mycom, Sabroe, Carrier, Vilter, and Copeland.

Our reconditioned compressors offer a cost-effective alternative to new units while maintaining exceptional performance, reliability, and efficiency. Each compressor undergoes a rigorous remanufacturing process, including:

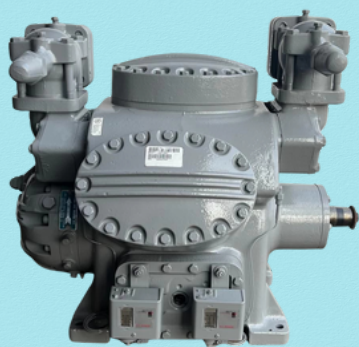

- ✓ **Comprehensive Inspection & Diagnosis** – Identifying wear and tear, ensuring no hidden defects.
- ✓ **Precision Engineering & Overhaul** – Replacing worn components with high-quality parts.
- ✓ **Performance Testing** – Ensuring optimal pressure, lubrication, and cooling performance.
- ✓ **Quality Assurance** – Meeting or exceeding OEM standards for durability and efficiency.

Why Choose Our Reconditioned Compressors?

- ✓ **Significant Cost Savings** – Get high-quality compressors at a fraction of the cost.
- ✓ **Quick Availability** – Faster lead times compared to sourcing new compressors.
- ✓ **Sustainable & Eco-Friendly** – Reduce waste and extend equipment life.
- ✓ **Backed by Warranty** – Assured reliability and peace of mind.

Whether you're looking for a budget-friendly replacement or need a reliable backup compressor, Hyland Group's reconditioned compressors provide the perfect balance of affordability and performance.
